

Flutter Row Widget

Was macht das Row Widget?

```
Row(  
  children: <Widget>[  
    const FlutterLogo(),  
    const Text('Flutter\'s hot reload helps you quickly and easily experiment, !  
    const Icon(Icons.sentiment_very_satisfied),  
  ],  
)
```

Mögliche Lösung

```
Row(  
  children: <Widget>[  
    Expanded(  
      child: Text('Deliver features faster', textAlign: TextAlign.center),  
    ),  
    Expanded(  
      child: Text('Craft beautiful UIs', textAlign: TextAlign.center),  
    ),  
    Expanded(  
      child: FittedBox(  
        fit: BoxFit.contain, // otherwise the logo will be tiny  
        child: const FlutterLogo(),  
      ),  
    ],  
)
```

Deliver features
faster

Craft beautiful UIs
